

# PACKAGED HEATING & COOLING SYSTEMS

**GRAND AIRE®**  
**ADVANTAGE WARRANTY**

Models WJA4, WJH4

# YEAR-ROUND COMFORT

Choose GrandAire heating and cooling equipment so you can enjoy comfort year-round. Our products deliver exceptional quality, reliability and energy efficiency, backed by time-tested engineering and leading-edge manufacturing. Every unit we make passes a performance check in all phases of operation before it leaves our facility. We call this 100% run testing, and it's one more example of how GrandAire goes the extra mile for your satisfaction.

## WHAT IS A PACKAGED SYSTEM?

GrandAire packaged all-in-one units are designed for the best durability and comfort. The units stay enclosed outside or on roofs and come in a variety of combinations: dual-fuel gas furnace/heat pump, gas furnace/air conditioner, electric heat pump and electric air conditioner.

The WJA4 is our single-stage cooling packaged air conditioner and the WJH4 is our single-stage cooling and heating packaged heat pump. Both models are ideal for areas where space is at a premium.

## WHAT MATTERS IN A PACKAGED SYSTEM?

### ENERGY SAVINGS

SEER (Seasonal Energy Efficiency Ratio) measures the cooling efficiency of an air conditioner during an average cooling season. HSPF (Heating Seasonal Performance Factor) measures the heating efficiency of heat pumps. For each of these ratings, the higher the number, the greater the potential for energy savings.

The GrandAire WJA4 and WJH4 packaged air conditioner and heat pumps have SEER ratings as high as 14.5 SEER cooling and 12.0 EER rating. The WJH4 also delivers 8.0 HSPF heating.

### RUGGED BUILD

The WJA4 and WJH4 are built for lasting durability with pre-painted steel cabinets and louvered coil guards to protect the outdoor coil. The evaporator coil is made of quality aluminum to provide improved corrosion resistance. The composite base is rust-proof with an integrated, sloped drain pan design for improved drainage.

### VERSATILITY

Our most compact packaged products is a logical choice for zero lot line communities, manufactured housing or anywhere space is limited.

### ADVANTAGE WARRANTY

Rest easy with a 1 year unit replacement, plus 10 year parts and compressor limited warranty\*

\*10 year warranty requires timely registration and applies to the original homeowner. Visit [grandaireac.com](http://grandaireac.com) for complete details.

All systems tested and listed by the appropriate agencies.

ISO 9001: 2015 certified
